

## SELECTION CRITERIA

Applications are now open for the 2019 circular economy programme, *From Linear to Circular - reshape the economy with the Ellen MacArthur Foundation*. Please read this document carefully to make sure you are able to meet the selection criteria before applying. By submitting your application you agree to meet the criteria. If you have any questions, please contact [ceprogramme@ellenmacarthurfoundation.org](mailto:ceprogramme@ellenmacarthurfoundation.org).

### Who are we looking for?

We are looking for people who are creative and active when it comes to the circular economy. Applications will be evaluated by the following competencies:

- Thinking and content
- Application of knowledge to your work
- Contextualisation and completeness
- Presentation style and technical proficiency

### General criteria

The 2019 circular economy programme is open to those who are able to:

- Attend an online interview on **Thursday 11th April or Friday 12th April**
- Participate in **an online collaboration phase** from **29th April - 9th June 2019** (max 2.5 hrs per week) as part of the programme
- Attend a **four-day workshop**, in London, United Kingdom, from **10th – 13th June 2019**
- Participate in the **circular economy pioneer phase**:
  - Finalise the collaborative project from **17th June - 28th June** (max 2.5 hrs per week)
  - Be actively involved with the Ellen MacArthur Foundation as a Circular Pioneer, and within our online communities, after the workshop
- Show willingness to present your collaborative project during the Disruptive Innovation Festival if your team is chosen to do so.

### Postgraduate students: specific criteria

The 2019 circular economy programme is open to postgraduate students who:

1. Have a confirmed and accepted place on a postgraduate course.
2. Are able to prove that a circular economy plays a substantial part in their university course.

### Young Professionals: specific criteria

The 2019 circular economy programme is open to young professionals who:

1. Are at the beginning of their career.
2. Are able to prove that a circular economy plays a substantial part in their employment.
